The Fun Way To Serve!

There's a new kid in town

Jason Wrench

Please think of Jason Wrench, Bill's son, as he was in an auto accident this past month.

Carol Phelps

Carol Phelps grandfather-in-law passed away recently. Our sincerest condolences to the family.

Adrian Mellberg

Adrian's baby was born on April 10th. Congratulations on your new addition! Please have her and her family in our prayers.

The Fun Way To Serve!

**26th Street and Nashville Avenue
Lubbock, Texas**

AMBUCS Hub City Playground

Opened in April 2003, the 20,000 square foot AMBUCS HUB City Playground provides integrated play/learn structures for the enjoyment of children of all ages and abilities. This nationally recognized playground is wheelchair accessible and offers numerous bridges, slides and lookouts. Other amenities include a wheelchair accessible sandbox and swing area. Located near the medical community, the playground has been an ideal location for physical therapy sessions. The playground was designed with sun safety in mind because many children with disabilities have a limited tolerance to sun exposure. Therefore, the structures include many shaded

areas. Future improvements include the construction of a new shade structure for the picnic area adjacent to the playground allowing for a more enjoyable and safe play experience at the park. The community has raised \$10,000 to assist with the replacement of the shade structure, and the City of Lubbock is grateful for the many individuals who helped contribute to this fund.

A special thanks to all three Lubbock AMBUCS chapters for making the dream of an accessible playground a reality.

AMBUCS is a national service organization composed of a diverse group of men and women dedicated to creating independence and opportunities for people with disabilities.

Social

AMBUCS meetings, community service projects and special events bring together a wide variety of people to promote common causes. AMBUCS members quickly become AMBUCS friends. And many of those friendships last a lifetime.

AMBUCS provides fun, innovative service opportunities for people who want to help their community but do not necessarily have a lot of time to do so. By working together, AMBUCS volunteers make their spare time go a long, long way.

Professional

As you work shoulder to shoulder with these volunteers, you'll contribute to club activities and goals, and you'll learn new skills that can pay lasting dividends in your professional life. You will also have the opportunity to make valuable contacts and develop leadership skills.

Service

There is no doubt that service to others is what AMBUCS is all about. When you join AMBUCS, you'll join a group of individuals who are ready to make a difference in their community. AMBUCS local and national service projects generate intense satisfaction and pride.

Creating Mobility & Independence for People with Disabilities

The Fun Way To Serve!

One person *can* make a difference.

Therapeutic AMTRYKES & Scholarships for Therapists

AmBility and AMBUCS Scholars are the two national service projects of AMBUCS. Within the AmBility project is the AmTryke program. This program is designed to give children with disabilities their first set of wheels. This unique therapeutic tricycle is hand and/or foot driven. It improves motor coordination, increases self-esteem and is fun to ride!

A long-running success story, the AMBUCS Scholars- Scholarships for Therapists, project represents the largest single private source of educational grants for therapists in America. AMBUCS has provided over 5 million dollars to educate physical and occupational therapists, speech

pathologists and hearing audiologists.

Both of these projects are powerful symbols of our club's national mission: to create independence for people with disabilities.

We've Missed You!
