Joe Arrington Cancer Center

Randy Christian filled us in on all that's going on at the Joe Arrington Cancer Centers located in Covenant Medical Center and their Lakeside branch. The Joe Arrington Cancer Center serves around 350 people per day from all across this area. Programs like the Chorus of Angels are created and funded by the staff with 100% of donations going directly to patient needs. They

have a new program called Cancer Genetics. Anyone who has had cancer in their families needs to take advantage of this genetic study as early as possible. It can save your life or the life of a loved one. If you have any questions, call Zach Holtzman at 806.725.6117. Thanks guys!

Don Lynn sets 100+ membership goal

For the past few weeks, Don Lynn, chairman of the Membership Recruitment committee, has been touting LMA's current membership drive. A goal of 100+ members

has been set. Who do you want to be associated with? Invite anyone that you would be proud to call a fellow Lubbock Monterey AMBUC. A couple months ago, Don gave

out AMBUC invitation cards that are perfect for passing out like business cards. Remember, if you've invited someone, go by and pick them up for club meetings.

Panhandle-South Plains Fair 2005

The 2005 Panhandle South Plains Fair is just over the horizon. Scheduled for September 23rd through October 1st, this fundraiser continues to be one of the largest that we attempt. It will be here before we know it. Remember to work at least 3 to 4 shifts. Meal tickets

and a shift sign-up sheet have already been passed around. Please donate for the meals we provide local schools & kids. Push those Fair Meal Deal tickets hard! You need more than 10! Contact Jeff Gibson for more information. Gear up!

H.U.B. City Playground

Opened in April 2003, the 20,000 square foot AMBUCS HUB City Playground provides integrated play/learn structures for the enjoyment of children of all ages and abilities. This nationally recognized play-

ground is wheelchair accessible and offers numerous bridges, slides and lookouts. Other amenities include a wheelchair accessible sandbox and swing area. Located near the medical community, the playground has been an ideal location for physical therapy sessions. The playground was designed with sun safety in mind because many children with disabilities have a limited tolerance to sun exposure. Therefore, the structures

include many shaded areas. Future improvements include the construction of a new shade structure for the picnic area adjacent to the playground allowing for a more enjoyable and safe play experience at the park. The community has raised \$10,000 to assist with the replacement of the shade structure, and the City of Lubbock is grateful for the many individuals who helped contribute to this fund.

Therapeutic AMTRYKES & Scholarships for Therapists

AmBility and AMBUCS Scholars are the two national service projects of AMBUCS. Within the AmBility project is the AmTryke program. This program is designed to give children with disabilities their first set of wheels. This unique therapeutic tricycle is hand and/or foot driven. It improves motor coordination, increases self-esteem and is fun to ride!

A long-running success story, the AMBUCS Scholars- Scholarships for Therapists, project represents the

largest single private source of educational grants for therapists in America. AMBUCS has provided over 5 million dollars to educate physical and occupational therapists, speech pathologists and hearing audiologists.

Both of these projects are powerful symbols of our club's national mission: to create independence for people with disabilities.
